

STAYING WELL MEANS
STAYING WELL
INFORMED

MIRROR BALL

Friday, October 2nd
7:00pm to 7:45pm

A virtual event to benefit
myHealth for Teens & Young Adults.

For nearly 50 years, myHealth for Teens & Young Adults has continued its mission to improve the health of our community by providing health services and information that support all teens and young adults in making responsible and well-informed decisions.

This year we, like many other organizations made the decision to make our gala a virtual event. Your involvement as a sponsor is more important than ever and ensures that the youth in our community continue to have a safe and non-judgmental

place to receive the services and education they need to be successful and healthy.

myHealth provides affordable health care and mental health care to individuals ages 12-26; and education for uninsured and low income youth and their families, including pregnant and parenting teens, in Hennepin, Carver and Scott counties. Our staff is attuned to the unique physical, emotional and social needs of our clients. Nearly 100% of our clients fall at or below 250% of the national poverty guidelines. Services are offered based on a sliding fee scale. No one is ever turned away for service due to their inability to pay. In 2019, more than 1,000 clients were seen in 3,100 clinic visits. Over 15,000 people attended myHealth education presentations. Over 200 home visits provided education to pregnant or parenting teens and 700 counseling sessions were provided to young people in individual or group sessions.

The annual Mirror Ball, attended by hundreds like-minded community members and business leaders, will raise money to support the work that we do for young people. Consider being a sponsor of this wonderful event where nearly 100% of the evening's proceeds go directly towards program support for our clients.
